## About:

[Satellite Stories](#) are Esa Mankinen (vocals/guitar), Marko Heikkinen (lead guitar), Jyri Pesonen (Bass/vocals) and Olli-Pekka Ervasti (drums). Hailing from the northern outpost of Oulu, Finland. Live their energetic show has given them a growing reputation as an amazing party band – the audience drives the band, as the band drives the audience, through a packed can of powerful Indie pop. With 2 albums under their belt in less than 14 Months and another on the way, these 4 young Finns show no sign of letting up!

## Highlights:

Hitting number one on [hypem.com](#) list of most blogged bands twice (august 16th 2012 and september 6th 2013) went to show the continued support and interest from the worldwide blogosphere. The bands second album (Pine Trails) kicked off with the first single release "Campfire" which has had to date(01.03.2014) over 7,000 radio plays including great support from YleX (FI) XFM (FI) BBC 6 Music (UK), XFM (UK), BBC London (UK), Absolute Radio (UK), 3RNE (ES), 3FM (NL) 4FM (AT) and no less than 30 Stations across Germany. 2014 started with an extensive out European Tour – including a memorable performance on front of a packed house at Barcelona's Razzmatazz, and the band selling out Berlin for the first time.

## Coming Up:

The year will continue with the band playing a number of selected European Festivals, and will see the bands first trip to North America in-between recording their 3<sup>rd</sup> Studio album.
